New Listings

In **2015**, Airbnb reached the **highest** number of new listings, **2016** and **2017** saw a **major slump** in listings caused by tightening in local regulations and stricter local laws, tax enforcement and compliance levies caused a drop in listings. Despite this, Airbnb became **profitable** in the **2017, 2018** marked the first full year of **profitable** incomes. There was a **major drop-off** in listings caused due to the unforeseen circumstances created by the emergence of **Covid-19** pandemic.

Global Airbnb Performance Dashboard

Market Share by City

Paris, NYC, and Sydney account for almost half of the total listings and 48% of total reviews.

Paris is the city with the most listings and reviews. A possible driver is the prices for hotel rooms being twice as much as Airbnb!

Avg Price

Ratings

Mexico City and Rio are the overall best-rated cities, HK and Istanbul are the worst ones. Cleanliness and value for money ratio are the two metrics generally scoring the lowest.
